

Introducing two fun-filled weeks for GIRLS
Grades K-8 (incoming Kindergarteners are welcome) at
VILLA MARIA ACADEMY LOWER SCHOOL

Week 1: June 18 – 22

“Full STEAM Ahead!” week will be packed with engaging, creative, hands-on, and team-based learning. Throughout the week, campers will participate in STEAM challenges that teach them to be innovative problem solvers in our world. Campers will engage in multi-dimensional learning activities centered on a central theme. They will learn the design process, develop problem solving skills, build growth mindset, and strengthen communications skills.

Week 2: June 25 – 29

“Tech THEN and NOW” is a fun and exciting week where campers will travel back in time to explore technological innovations that have changed and shaped our world. Campers will track the evolution of technology and human-environment interactions through a series of engaging, creative, hands-on, and team-building activities. They will learn how technology changes our lives as well as impacts our environment.

Bring your curiosity and your adventurous spirit!

Camp will operate from 8:30 AM – 12:00 PM.
