

COVID Guidelines for 2022-2023 School Year

What to do if your child has COVID or COVID symptoms:

1. Symptomatic students should be tested. If they are negative, routine school exclusion criteria should be followed. Your child can return to school when all of the following are met :
 - a. Symptoms are improved enough for full participation in the school day.
 - b. Your child is 24 hours fever-free without medication.
 - c. Your child is feeling well.
2. If they test positive, your child must stay home for 5 days. The student can return to school on day 6 as long as they are feeling well. Upon return to school, a mask must be worn for 5 days; please see masking **exceptions** below:
 - a. If your child tests negative on day 6, they can return to school without masking.
 - b. You can retest your child on day 8, if the day 6 test was positive. If the day 8 test is negative, your child can discontinue masking at school.
3. Students who test positive, will be given nurse excused absences for the 5 calendar days. Please notify the school nurse, if your child tests positive.
4. Testing is available at the Westtown Government building, as well as Rite Aid, and CVS.
5. In addition, all health insurers are mandated by law to reimburse for purchased COVID test kits.
6. Please contact the school nurses office if you have any questions: **610-399-1422**
